SCHOLARSHIP GUIDELINES

Academic Year 2023-2024

ABOUT UNIVERSITY NEIGHBORHOOD PARTNERS

University Neighborhood Partners' mission is to bring together University and west side residents and resources in reciprocal learning, action, and benefit – *a community coming together*.

University Neighborhood Partners (UNP) was founded in 2001, with the goal of creating a partnership between the University of Utah and Salt Lake's west side neighborhoods. The vision — developed in collaboration with west side communities — was of a future in which more and more west side residents would be able to access higher education. We do this by working with University faculty, staff, students, west side schools, nonprofits, community councils, and residents to address social issues affecting the neighborhoods.

UNP SCHOLARSHIPS FUND PURPOSE

UNP scholarships reduce barriers to higher education for current or previous west side residents of Salt Lake City and West Valley City. We are looking for individuals who are from communities long marginalized by educational institutions, and those who are active participants in UNP-supported partnerships and other efforts to improve west side neighborhoods. This includes, but is not limited to, people of refugee, asylee, indigenous, and immigrant backgrounds, and those living on low- to poverty-level incomes.
